LATER.

WASHINGTON, January 12, 1 a.m.—The barometer has risen rapidly, with continued clear weather and low temperature in the upper lake region, and thence southward over the Ohio valley and Tennessee, 12 has also risen decidedly in the Guif and South Atlantic States, with slight changes of temperature and continued clear weather. Generally clear weather, with light to fresh northwesterly winds, prevails in New England and the Middle States. Continued cloudy weather is reported from the lower lake region and Lake Huroh, with fresh to brigk westerly winds and light snow. The temperature is below freezing in the north, in the New England to the interior of the Middle States, and thence westward to the Missouri valley.

For New England and the middle Atlantic States, generally clear or fair weather will prevail, with fresh and brisk south-westerly and north-westerly winds, lower temperature and rising barometer.

For the lower lake region, partly cloudy LATER.

and north-westerly winds, lower temporature and rising baronneter.

For the lower lake region, partiy cloudy
weather with areas of bght snow, fresh to
brisk westerly winds and low temperature.

For the upper lake region and thence westward to lowa and Minnesota, very cold and
generally clear weather during Monday. The
winds in these districts gradually bucking
to south-west, with rising temperature.

For the Ohlo valley and Tennessee, and
thence westward to Missouri and Arkansas,
but slight cloudiness will prevail, with the
temperature below free;ing, the thermometer
in these districts continuing high, with northerly winds. erly winds.

For the South Atlantic and Gulf States, lower temperature, with variable winds and increasing cloudiness.
